

MODULAR DAILY SHOE

your perfect sole mate

Ergonomic zipper puller
You can customize your shoes and travelling with less pair of shoes.

Save money and reduce your carbon footprint by buying fewer shoes

3 shoes in 1

loafer

sneaker

boots

button of the slipper

Fold down the webbing on the heel of the @shoes over the sole, and clip onto the fastener

@SHOES

Water proof zipper
Connect the ends of the loafer and the sole special water proof zipper. Once the zipper is linked, close the snap fastener on the heel and your @shoes are ready to go

Rubber sole
Put the toe of the @SHOES into the sole first, slide it under the lip, and push down the heel until it clips into the sole.

button webbing
